ABSTRAK

Saputra, Achlis Noor. 2019. *Penguasaan Kosakata Siswa Kelas Sepuluh SMK 1 Kudus Tahun Pelajaran 2018/2019 yang Diajar Menggunakan T-Flat Learn English*. Skripsi. Program Studi Pendidikan Bahasa Inggris, Fakultas Keguruan dan Ilmu Pendidikan, Universitas Muria Kudus. Pembimbing: (1) Dr. Slamet Utomo, M.Pd. (2) Agung Dwi Nurcahyo, S.S., M.Pd.

Kata kunci: penguasaan kosakata, memberi dan meminta arahan, mobile application

Bahasa Inggris adalah bahasa yang penting, sehingga Bahasa Inggris masuk dalam salah satu pelajaran di sekolah. Salah satu cara menguasai Bahasa Inggris adalah dengan meningkatkan perbendaharaan kosakata (Vocabulary Items). Semakin banyak kosakata yang dikuasai maka semakin mudah seseorang dalam memahami Bahasa Inggris. Salah satu dari penguasaan kosakata adalah penguasaan kosakata tentang memberi dan menerima arahan. Materi tersebut juga diajarkan di pelajaran bahasa Inggris untuk SMK semester 2 ditahun pelajaran 2018/2019, khususnya kelas 10. Namun kebanyakan siswa masih kesulitan dalam menguasai dan menghafal kosakata tentang memberi dan meminta arahan. Dalam hal ini, penulis memberikan solusi untuk membuat siswa jadi lebih mudah dan tertarik dalam belajar Bahasa Inggris. Penulis mengajar siswa dengan menggunakan aplikasi T-Flat Learn English. T-Flat Learn English adalah sebuah aplikasi android yang ditujukan untuk memudahkan penggunaanya dalam belajar kosakata bahasa Inggris.

Tujuan penelitian ini adalah untuk mengetahui perbedaan yang signifikan antara penguasaan kosakata siswa kelas sepuluh SMK 1 Kudus pada tahun pelajaran 2018/2019 sebelum dan sesudah diajar dengan menggunakan T-Flat Learn English. Rancangan yang digunakan dalam penelitian ini adalah kuantitatif eksperimental. Populasi dari penelitian ini adalah kelas sepuluh SMK 1 Kudus pada tahun pelajaran 2018/2019. Penulis mengambil kelas X-AP 1 sebagai sampel dengan menggunakan cluster random sampling. Instrumen penelitian yang digunakan oleh penulis adalah pre-test dan post-test dengan format mengisi teks rumpang dengan jumlah 10 soal.

Hasil pre-test menunjukkan bahwa nilai rata-rata (mean) adalah 51,25. Sedangkan rata-rata hasil post-test adalah 73,25. Perhitungan T-Test menunjukkan bahwa $t(\text{obtained}) = 6,7 > t(\text{critical}) = \pm 2,042$ artinya ada perbedaan yang signifikan antara penguasaan kosakata siswa kelas sepuluh SMK 1 Kudus pada tahun pelajaran 2018/2019 sebelum dan sesudah diajar menggunakan T-Flat Learn English. Aplikasi tersebut dapat meningkatkan ketertarikan siswa terhadap materi dan membuat siswa jadi lebih aktif dalam kegiatan belajar mengajar. Berdasarkan hasil tersebut, penulis berkesimpulan bahwa T-Flat Learn English efektif dalam membantu siswa belajar Bahasa Inggris khususnya tentang penguasaan kosakata tentang memberi dan meminta arahan.

ABSTRACT

Saputra, Achlis Noor. 2019. *The Vocabulary Mastery of the Tenth Grade Students of SMK 1 Kudus in 2018/2019 Academic Year Taught by Using T-Flat Learn English*. Sripsi. English Education Department, Teacher Training and Education Faculty, Universitas Muria Kudus. Advisor: (1) Dr. Slamet Utomo, M.Pd., (2) Agung Dwi Nurcahyo, S.S., M.Pd.

Key words: Vocabulary Mastery, Asking and Giving Direction, Mobile Application

English is an important language, so English is included in one of the lessons in school. One way to master English is by increasing vocabulary items. The more vocabulary is mastered, the easier it is for someone to understand English. One of the vocabulary mastery is vocabulary mastery about asking and giving for direction. The material was also taught in English language learning for vocational school in semester 2 in 2018/2019 academic year, especially in tenth grade. However, most students still had difficulty in mastering and memorizing vocabulary about asking and giving for direction. In this case, the writer gave a discussion to make students easier and interested in learning English. The writer taught the students by using T-Flat Learn English Application. T-Flat Learn English is an android application that is intended to facilitate users in learning English vocabulary.

The purpose of this study was to determine the significant differences between the vocabulary mastery of the tenth grade students of SMK 1 Kudus in 2018/2019 academic year before and after being taught by using Mobile Application. The design of the research used in this study is quantitative experimental design. The population of this study is the tenth grade students of SMK 1 Kudus in the 2018/2019 academic year. The writer took X-AP 1 class as a sample by using cluster random sampling. The research instrument used by the writer was the pre-test and post-test with the format of fill in the blank test with 10 questions.

The pre-test result shows that the mean value is 51.25. While, the mean of post-test is 73.25. T-Test calculation shows that $t(\text{obtained}) = 6.7 > t(\text{critical}) = \pm 2.042$ means that there is a significant difference between the vocabulary mastery of the tenth grade students of SMK 1 Kudus in 2018/2019 academic year before and after being taught by using Mobile Application. It can increase the students interest and makes the students more active in the teaching and learning process. Based on these results, the writer concludes that Mobile Application is an effective media to help students learn English especially about mastering vocabulary about asking and giving for direction.
