English education is very important and should be given to all students including students with special needs who have intellectual disabilities. There are 4 skills in English, including Vocabulary. The most effective way to quickly speak a language is to choose the 6800 to 1,000 lemmas that occur most frequently in a language and study them.

This research used a descriptive qualitative method. The researcher joined the vocabulary class in teaching-learning process for 2 meetings in the eighth grade at SLB N Jepara as the intended samples. The data were collected through observation and documentation. Furthermore, the researcher analyzed how students' engagement and grouped them into three types of students engagement; behavioral engagement, cognitive engagement, and affection engagement. The results from the table above, the researcher found that from 27(100%) students there were 3 (11%) students with **low** engagement in English vocabulary class, 2(7%) students with **medium** engagement in English Vocabulary class, 11(41%) students with **high** engagement in English Vocabulary class, and 11(41%) students with **very high** in English Vocabulary class. The researcher concluded that there are more students with high and very high engagement than students with low and medium engagement which is shown in the table above this class has a 76,5% engagement level means it falls into the high category.

ABSTRAK

Fatika, Malikatin. 2023. “**Students’ Engagement In Vocabulary Teaching-Learning Process Of The Eighth-Grade Intellectually Disabled Students Of Slb N Jepara**”. Skripsi. Pendidikan bahasa Inggris sangat penting dan harus diberikan kepada semua siswa termasuk siswa berkebutuhan khusus yang mempunyai disabilitas intelektual. Ada 4 keterampilan dalam Bahasa Inggris, termasuk Kosakata. Cara paling efektif untuk berbicara suatu bahasa dengan cepat adalah dengan memilih 6.800 hingga 1.000 lemma yang paling sering muncul dalam suatu bahasa dan mempelajarinya.

Penelitian ini menggunakan metode deskriptif kualitatif. Peneliti mengikuti kelas kosakata dalam proses belajar mengajar selama 2 pertemuan di kelas delapan di SLB N Jepara sebagai sampel yang dituju. Pengumpulan data dilakukan melalui observasi dan dokumentasi. Selanjutnya, peneliti menganalisis bagaimana keterlibatan siswa dan mengelompokkannya menjadi tiga jenis keterlibatan siswa; keterlibatan perilaku, keterlibatan kognitif, dan keterlibatan kasih sayang. Hasil dari tabel di atas, peneliti menemukan bahwa dari 27(100%) siswa terdapat 3 (11%) siswa dengan engagement rendah pada kelas kosakata bahasa Inggris, 2(7%) siswa dengan engagement sedang pada kelas kosakata bahasa Inggris, 11(41%) siswa dengan keterlibatan tinggi di kelas Kosakata Bahasa Inggris, dan 11 (41%) siswa dengan keterlibatan sangat tinggi di kelas Kosakata Bahasa Inggris. Peneliti menyimpulkan bahwa siswa dengan engagement tinggi dan sangat tinggi lebih banyak dibandingkan siswa dengan engagement rendah dan sedang yang terlihat pada tabel diatas kelas ini memiliki tingkat engagement sebesar 76,5% artinya masuk dalam kategori tinggi.
