Key words: Field, Speech, Transitivity

As English is an international language, we can see the use of written language in our daily life that is to get things done, to provide information and to entertain. To provide information, we can take for example of written language which is used like speech. In interpretation meaning of speech it's really important to know what the speaker means. Transitivity is very important to learn in English Department especially for students of education program and it can help them improve their skill in English learning processes. Next, Susilo Bambang Yudhoyono is the president of Indonesia which is a big power country and has some cultures. Surely, the eyes of the whole world will give the attention to the president when he has speech. That is why it is such an important thing to take a look and pay attention to the Susilo Bambang Yudhoyono's speech. He has a lot of experiences and indirectly influence the way he thinks and sees something. Susilo Bambang Yudhoyono has served twice as president of Indonesia. From the information above, the writer chooses the title "An Analysis of Field in Susilo Bambang Yudhoyono's Speech in ASEAN Summit Nusa Dua, Bali 2011".

The objectives of this research proposal are (i) to know the process types of Susilo Bambang Yudhoyono's speech in ASEAN Summit Nusa Dua, Bali 2011 and (ii) to know the field of Susilo Bambang Yudhoyono's speech in ASEAN Summit Nusa Dua, Bali 2011.

The writer would like to analyze Process Types found in Susilo Bambang Yudhoyono's Speech at Opening Ceremony of the 19th ASEAN Summit Nusa Dua, Bali on 17 November 2011". In this research, the instrument that is used by the writer is the writer himself. While, the data of the speech-script of Susilo Bambang Yudhoyono's speech is as the complement's instrument. The data used are qualitative data and non statistic research and the study is descriptive.

The process type mostly used in Susilo Bambang Yudhoyono speech is material process. It means that the speech focuses on physical action more. However, the speech also has some mental process, relational process; and a little verbal process and existential process.

The field of Susilo Bambang Yudhoyono's speech is about his invitation to the audiences to develop ASEAN countries by explaining the characters and what happening in the countries. He also invites the audiences to act the real action.

Based on the conclusion above, the writer suggests that in delivering speech the speaker can uses and should recognize the process types in order to deliver the speech contents clearly.
